FUNCTION AND BENEFITS

Pop up zone with dividing space in open-plan areas, dedicated collaboration rooms, back row of conference rooms, pantry and waiting areas.

With double sided design, it invites a variety of interactions among each and supports people naturally like no other, to sit, lean or even work! Group of people may sit in front while others gather around at the back; no matter it is an impromptu meeting or a large group meeting.

All dimension in mm

Our product are manufactured under stringent quantity controls and is recipient of ISO 9001 : 2008 Quality Assurances, and ISO 14001 : 2004 Environment Management System Standards.

With the constant upgrading of products, ARTE COMO reserves the right to make appropriate changes of specification without any prior notice.

Working at a WE Place!

**A pop up zone you may sit,
lean or even work!**

SIARRA is a multi-functional space divider that creates a pop up zone, defining meeting areas with unbalanced yet balanced design. It fits smartly a variety of collaboration zone. It is impromptu, it is relaxed and it is lovely where your conversations happen and get work done!

SIARRA

Design is about passion, emotion, behaviour, mental interaction and desire. It is like a mathematical problem but more complicated than that, as industrial designer my responsibility is to solve it, looking for an answer.
